Tax Under AAA Setup Ruled Unconstitutional By U.S. Appeals Court

RULES IN AUSTRIA

Justices Declare No Such Authority Was Delegated to Secretary

OHIO SUITS SIMILAR

Decision Based on Test Case Brought by Boston Firm Receivers

By The Associated Press

BOSTON, Mass., July 16 — The United States circuit court of appeals held today that the processing tax levied upon agricultural products by the AAA is unconstitutional.

The court found that no such authority to impose taxes had been delegated to the secretary of agriculture by the constitution or by decision of the supreme court.

The court not only held that the power under which nearly a billion dollar AAA processing taxes have been collected was unconstitutional but also expressed the opinion that the congress had attempted to invade a field over which it has no control.

A similar question has been raised in several suits now pending in Ohio to prevent collection of processing taxes.

The circuit court's decision was based upon a test case in which receivers of the Hoosac Mills which sought recovery of $5,694.48.

The decision was subscribed to by Judges Scott Wilson and George E. Morris. Judge George H. Bingham senior justice dissented.

To Control Production

It is clear, said the decision, that the main purpose of the act is to control and regulate the production of the so-called basic agricultural commodities of the several states through agreements with the producers and in consideration of what is termed rental or benefit payments to reduce acreage or production for market sufficient to increase the current average price of such products to that elusive point where the returns to the farmer from the production of such commodities will purchase under present conditions the same amount of industrial products that the returns to the farmer from the same products would buy in the five year pre-war period from July 1909 to August 1914.

The power of congress to regulate interstate commerce does not authorize it to do so by taxing products either of agriculture or industry before they enter interstate commerce or otherwise to control their production merely because their production may indirectly affect interstate commerce.

Whether Its State Job

The issue is not as the government contend, whether congress can appropriate funds raised by general taxation for any purpose deemed by congress in furtherance of the general welfare but whether congress has any power to

11 ABSENT VOTERS' BALLOTS APPLIED FOR

Board of Elections Opens Period for Seeking Applications

Eleven persons took out absent voters' ballots at the county board of elections office yesterday for the Aug. 13 primary on the first day for filing of applications.

Applications for absent voters' ballots can be made at the board of elections office until Aug. 10. C. C. Pitzer, deputy clerk of the county board of elections said today. The deadline for regular registration is July 23.

The first person to cast his vote in the primary was Ferris E. Wills of 819 Lincolnshire avenue. Pvt. and Mrs. Franklin G. Markley of 238 East Center street also cast their ballots at the board of elections office yesterday. The remaining eight applications were received by mail and the absent voters' ballots will be mailed to them. The ballots must be returned to the election office by noon on primary day.

"THE NEXT WAR"

When the rainy season ends—a portentous phrase ushered with imagining in capitals the world over. For when the rains season ends in Africa, this September war is expected between Italy and Ethiopia.

Mussolini rushes his legions across the Mediterranean. The black empire stores munitions; appeals to the League of Nations.

What's it all about? Why is the world almost certain that when the hot African winds arise to dry the lowlands now flooded by streaming rains the next war will start?

On page 5 today is the first of a series of four articles by Andrue Berding, chief of bureau The Associated Press, Rome, in which he explains the background of the expected conflict, discusses Italy's stake in the affair, tells how the Italian army may attack and describes the effect of the situation upon European affairs.

EMPLOYABLES ON RELIEF MUST REGISTER FOR JOBS

Able Bodied Persons Required To Show Willingness To Work Under New Program

Every employable person on relief rolls in the Marion county must register at once at the Marion employment office over the Citizens Building & Loan Co.

That order came today from John Abel, county relief director, as he made further preparations on instructions of federal relief officials to put the new works progress administration program into action.

In the past only the employable heads of families were compelled to register for employment but the new order obliges all employables in relief families, women as well as men to register for jobs.

Mr. Abel said he estimates roughly there are 1,000 employable men and women in Marion county relief families and that possibly half of them are registered.

Registration can be made at the employment office in charge of Fred B. Scheiff from 8:30 a. m. to 4:30 p. m. on week days. Mr. Abel said, explaining afternoons were devoted to classification of the applications and record work.

Registration for work which would place the applicants in line for private work as well as on public works projects will have a direct bearing on eligibility of relief families for direct relief and jobs on works progress administration projects, Mr. Abel said. He emphasized that employable members of relief families will be required to show a willingness to get work when it becomes available.

LINK KIDNAPER TO 2 MURDERS

Washington Policemen Slain in Attempt To Catch Bandits After Bank Holdup

By The Associated Press

TACOMA, Wash., July 16—Department of justice agents joined the search today in the search for the slayer of two Puyallup police men while some authorities expressed the belief the fugitive was William Dalnard alleged bandit of the George Weyerhaeuser kidnaping.

With highways blocked by police searchers plunged through underbrush in the Puyallup valley hoping to trap the killer who shot the officers while they were seeking the bank robber.

The victims were Chief of Police Frank Chadwick and Patrolman Harry W. Storem.

Two justice department agents joined the search as fact which increased speculation on who her the slayer might be Dalnard alias Willie Mahan.

Believed To Be Dalnard

Capt. Ernie Noel of the King county (Seattle) sheriff's office expressed belief the fugitive might be Dalnard. Justice department agents admitted it was possible although they indicated they did not take the reports seriously.

The officers were killed in a barrage of gunfire on a road outside Puyallup while they were seeking a man who held up and robbed the Orting State bank of $500.

Shortly after the robbery was reported Chadwick and Storem raced away to intercept the bandit. Near the farm of John Urlen the officers drew alongside the robber's car.

Urlen said the man got out of his car, walked around to the police automobile and suddenly opened fire.

There were no shots from the police car, the farmer said. Then the man jumped into his car and raced away.

The killer's abandoned automobile later was found near Sumner.

Dalnard an ex-convict is wanted on bank robbery charges in four western Washington cities.

Man Seen in Centralia

Late yesterday afternoon Police Chief M. Jastram of Centralia reported a man resembling Dalnard had been seen there in a soft drink parlor. Centralia is about 75 miles south of Tacoma.

Justram declared the man appeared nervous and disappeared

New Reciprocal Trade Pact With Reich Suggested

Hull Makes Offer in Note Sent to Luther, Now Visiting in Berlin

By The Associated Press

WASHINGTON, July 16. Confronted with a demand for the abolition of the law on which Washington bases its reciprocal tariff policy, the new deal today gave every indication of going on with the program.

In fact authoritative sources disclosed that the United States has offered to conclude a new reciprocal trade agreement with Germany. Secretary Hull made the offer in a note handed to Dr. Hans Luther, German ambassador, before the latter left recently for a visit in Berlin.

Luther Due Here in August

Luther is due back in Washington with Germany's reply August 2. Hull's note answered overtures for a trade agreement made by Luther. It informed Germany the United States will be glad to conclude a reciprocal pact if basic agreement is reached that it will conform to what is termed the Roosevelt equality of treatment policy.

The demand for abolition of the reciprocal tariff law was voiced in the senate yesterday by Sen. McCarran (Democrat of Nevada) who introduced a resolution to repeal the law under which the President can lower or raise tariffs by as much as 50 per cent in negotiating trade agreements which do not require the consent of the senate.

MARION GETS CLEAR VIEW OF MOON'S LONG ECLIPSE

Earth's Shadow Begins Trip Across Lunar Planet at 10:12 P. M.; Longest for 50 Years.

Marionites favored with weather conditions that made visibility perfect, gaped at the moon last night for several hours as it went into the longest eclipse visible in this country in 50 years.

There will not be another of such length for another half century, according to the Associated Press. The phenomenon came with direct alignment of sun, earth and moon, the moon sliding through the earth's umbral cone, which extends 860,000 miles into space at a point approximately [illegible] away.

The [illegible] visible only to scientists equipped with high-powered telescopes.

First Visible at 10:12 p. m.

It was not until 10:12 when the moon reached the umbra, or inner dark shadow, that the eclipse was visible to Marion observers. At 11:40 it was in total eclipse, varying from the other side thick cone as beer and later, and clearing at 2:25 a. m.

Committee Tells of Rumors That Rate Proposal Has Met Criticism

[illegible] that will [illegible] the final step [illegible] off before the Ohio [illegible] was [illegible] last night.

Last night's meeting was called in such a way as to permit all interested persons to attend to criticize the rate proposal. After sitting for [illegible] the few persons present left the gallery and [illegible] on the gas proposal will [illegible] final action in a few days.

The delay was sought and obtained by the franchise and utility committee. [illegible] chairman, made a motion that the rate ordinance be tabled for a few days. Mrs. Barbara Pinkham second [illegible] and the other members concurred.

Rate Not Criticized

The fact that no one appeared at last night's special meeting to criticize the high step rate proposal indicates that Marion will be strictly in line with the council utility committee that the proposal which would raise monthly rates for use of 3,000 cubic feet of gas monthly by a margin of 50 cents is the best rate Marion can get, Councilman Scott pointed out after the meeting.

However, emphasized Director [illegible] that certain persons are opposed to the 1st proposal. In mailing a bill it is important in this case we want to have water right so we can collect for a day or two to check into these reports.

Members of the franchise and ordinance committee, Councilmen Scott, W. S. Hibbard and H. J. Bell, expressed an opinion that council will be called into another special meeting, to take final action on the gas proposal, this week or at the latest make a decision at the next regular meeting Monday night.

Councilmen Hear Rumors

When present for information about the indirect reports of criticism, members of the committee said the reports usually were nothing more than rumors and that until they had been traced to their source or to the committee would know whether they were factual criticisms or mere gossip. For that reason members said they would make their investigation before making any comments.

In the gallery at last night's meeting were J. F. Fergason, district manager for the Ohio Fuel

Calf With Heart In Mouth Born In Hardin County

Special to The Star

KENTON, July 16. This part of the world today was beating a path to the Jacob Born farm five miles east of Kenton to view a two weeks old calf with its heart in its mouth.

Yet the calf was not frightened. It was born that way.

Veterinarians who discovered the heart just below the animal's jaw in its throat said the occurrence was very rare and recalled that science considered it such a rarity that a cow with its heart in its throat was exhibited last year at the Century of Progress in Chicago.

The calf appears normal in all other respects, weighs 100 pounds and has gained favoritism with the Born children to whom it is known as "Trixie." It follows them around like a dog. Mr. Born, who plans to raise Trixie for exhibition purposes, is taking extraordinary precautions to prevent accidents.

WATER SURVEY STARTS TODAY

Engineer Begins Appraisal of Property of Marion Company for City

UNCOVER, EXAMINE PIPE

Weeks Time Required for Work, Chicago Man in Charge of Study

Work on the survey and appraisal of the Marion Water Co. properties for the city was started today by Joseph P. Gill of Chicago, waterworks engineer and vice president of the Charles P. Dee Engineering firm.

The engineer arrived in Marion last night and arranged with Chief [illegible] McFarland to do preliminary work for leaks of mains and pipes in the city water works system. The survey will be used to help determine the value of the Marion Water Co. property.

In establishing the present value of the water company property, the engineer will conduct a series of tests to determine the reproductive cost of the system minus depreciation. A number of studies of physical property will be included in addition to a technical survey of underground equipment. It is expected the survey will require slightly more than one week to complete.

As the first step in the survey, Mr. Gill, chief of Parlin and Orendorff and George Wright, manager of the Marion Water Co., at noon today visited a city main which had been uncovered at the corner of George and North Main streets. Pipes will be exposed and studied at approximately 25 places at various points in the system.

City and water works employes will be used to assist in the study, Mr. Gill announced. Although the Chicago engineer had not had an opportunity to confer with Mayor Bolin or Service Director C. K. Mercer, he is expecting to do so today or tomorrow.

An agreement to use city employes was made in earlier arrangements for the survey. City

FIRST NEW TRAFFIC LIGHT READY SOON

Main and George Street Signal To Be Installed This Week.

First of a series of proposed new traffic light installations to protect busy intersections and help break up speeding on Main and Center streets will be made at North Main and George streets before the end of the week, Service Director C. K. Mercer said today.

Council recently authorized purchase of the lights shortly after it had made arrangements to purchase a motorcycle and two automobiles for the police department, largely as traffic control measures.

Director Mercer said other lights will be purchased as funds become available. Present plans call for new lights soon at intersections of Main and Fairground streets and Main and Columbia streets. Others are tentatively scheduled for intersections along East Center street.

Issues Totaling $288,750, City's Share of Cost, Ready for Submission to Voters

PWA FUNDS SOUGHT

Special Levies Require Favor of 65 Per Cent of Marion Residents, Run 24 Years

First steps to place two bond issues before Marion voters in the November primary election for the purpose of obtaining PWA grants for the proposed city hall and sewer construction project, as PWA officials here have been informed, were taken last night by city council in a determining to place the bond issues question on the primary ballot was adopted.

The amounts of the bonds to be voted upon are $88,750 on the city hall project and $200,000 on the sewer project. The bonds are to be retired within a period of 24 years and County Auditor Harry V. Mounts who has certified to council the amount in millage it will take to retire them has figured the annual cost will be about $8,881 each year.

The figures of the bond issues represent 55 per cent of the total estimated cost of the projects and would be met by the PWA. The remaining 45 per cent of the total of $199,500 on the city hall and $7,000 on the sewer project would be in outright grant to the city by the PWA. The city hall project has set the total cost of the structure at $360,000 and the sewer application estimates the cost of their construction at $210,000.

PWA Must Approve

It seems that bond issues must receive at least 65 per cent of the total vote and City Solicitor Thomas B. Orr said. The bond issues are now in preparation and were to be certified to the county board of elections this afternoon or Wednesday City Clerk J. Allison Hahn said. It is thought likely it is almost certain that the bonds will not be issued unless PWA approves the projects, officials said.

Tentative approval of the projects as only was given by state PWA officials. While it has not been learned when the applications will be forwarded to the PWA board of review in Washington, D. C., it is expected this action will be deferred pending the decision of Marion voters on the bond issues. Permission of the state tax commission to place the question on the ballot is now received last week in the form of journal entries.

Auditor Fixes Millage

Auditor Mounts certified to council the amount in millage it will take to retire the bonds. The figures arrived at and certified to council are 1.47 mills on the $88,750 bond issue and .23 of a mill on the sewer construction issue. These millage figures are based upon county records which fix the value of taxable real estate in the city at $31,000,000. They include interest at six per cent, which City Solicitor Orr has characterized as a maximum rate for purpose of calculating the millage. It is probable the actual interest rate will be four or four and one half per cent, he said.

On the city hall project the payments due twice a year in March and Sept., will be $10,000 a year plus interest the first four years, and $8,000 a year plus interest for the following 20 years. On the sewer project the two annual payments would total $2,000 a year for the first four years, and $4,000 a year for the following 20 years.

The millage rate of .42 on the city hall and .20 on the sewer construction project figured on the basis of dollars would mean an average annual levy of 42 cents and 20 cents on each $1,000 in real estate, Mr. Mounts pointed out.

The vote of the people on the bond issues places them outside the

Pat Calls Will

(Will Rogers Special)

BEVERLY HILLS, Cal., July 16—Pat Hurley called me up last night. Remember Pat, secretary of war during the time when we had no trouble with the constitution but tried it with everything else.

Well, sir, there was excitement, and in fact an arrogancy in Pat's voice. You know, Republicans' voices are changing, they are not whispering any more. You meet one now and he hollers across the street, "Hello, Hello, did you know that our free American institutions are in greater danger today than ever before? Did you know that our constitution is in jeopardy? Did you know they are going to take our Rolls Royce away from us and make us ride in a mere Cadillac?"

"Did you know that six months ago there wasn't a Republican presidential candidate in a certain [illegible] so [illegible] is over a million? Happy days are here again."

Income Tax Is "Old British Custom" And Rates Far Higher Than in U. S.

NEW YORK—The American income taxpayer groaning under the prospect of new government demands on his pocketbook may pause to shed a tear for his English cousin who has been paying a much heavier tax for a longer period.

Whereas the first income tax was levied in the United States in 1913 as far back as 1864 in England William Pitt had his king come on the stage in the operetta Princess Ida and sing:

I know a boy and he owns a cash box
And I can afford to spare it with the greatest ease
And then I go to complain.
But I be off I manage how
Not even to save income tax
I'm a disagreeable man
And I ain't think why.

Englishmen Pay More

Similar complaints may be heard some day in American musical comedies although the English still seem to have a greater cause for objection.

Not only is the per capita tax burden greater in England ($99.11 in 1932) than in the United States ($4.37) but the British government with its years of experience seems to collect its revenues with a firmer hand.

Ninth twice as many field men are employed for this purpose in England as in America. In 1934 the report to the joint congressional committee on internal revenue taxation noted that there were 22,589 members in the personnel of the British revenue service while the United States was employing 13,524.

Longer Claims Period

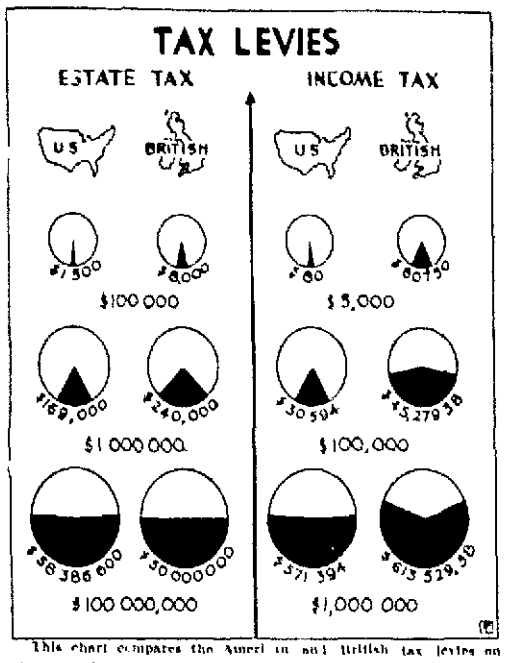
The British income tax collector is also the possessor of wider powers than the American and whereas American taxpayers are allowed a three year period within which claims for refunds may be made and another two years may be spent in the courts the delinquent Britisher must file his appeal within 1 days.

While an English married man with three children deriving an income of £50,000 or $250,000 from trade pays about $151,000 in income and surtaxes an American in the same situation would have to pay $1,000,000 as his limit an income tax would have as his limit an income tax of $9,640 and a surtax of $105,962 or a total tax of $115,34

Incomes Of $1,500 Hit

In both estate and income taxes the British tax gatherers hit the lower in the body economic than that of the American confrere. A married Britisher starts handing part of his estate over to the government when his estate reaches $1,500 a year.

A married American waits until he is raised to $2,500 before he starts making these federal contributions.



This chart compares the American and British tax levies on estates and incomes. The income tax levies are tabulated for a married man with no dependents. In 1934 the total American revenue from taxation was $8,401,787,000 while the total British figure was $4,539,820,000. The per capita tax burden in England was $99.11 compared to $74.37 in the United States last year.

Americans may die without thinking of the tax collector unless their estates are going to net over $50,000. While an Englishman dies the government lays a levy but on the public possessions if they reach $500 or more.

At present all British estate taxes are payable as follows:

Net Estate	U. S. Tax	British Tax
$	None	$45
$	None	$100
$	None	$ 50
$	$1,500	$4 00
$	$2,500	$450
$	$164,100	$4,000
$	$4,338	$15,000
$1,000,000	$345,800	$ 00,000

A married British income tax level for a man with no dependents on gains as follows:

Net Income	U. S. Tax	British Tax
$	None	$ 145
$	None	$ 0
$	$ 145	$1,450 00
$	$7,449	$4,775 25
$	$8,553	$18,751 88
$1,000,000	$371,394	$415,278 34
$10,000,000	$3,673,529	$4,118,530 88

Next week: What if our income tax level were higher than that of Great Britain?

A. S. BROOKS NAMED JAMBOREE OFFICER

Harding Area Executive To Be Sectional Inspector at Boy Scout Conclave.

Official notice of appointment as sectional inspection officer at the National Jamboree of the Boy Scouts of America to be held in Washington, D. C., in August was received this morning by Arthur S. Brooks, scout executive of the Harding Area Council. Mr. Brooks will serve on the staff of Region Four, covering the states of Ohio, West Virginia and Kentucky, and will be in charge of the daily inspection of 1,200 scouts. The inspection will cover troop camp sites, mess tents and sanitation as well as the daily personal inspection of each scout.

Final plans for the Harding Area council delegation and the approval of additional applications will be made at a meeting of the local Jamboree committee to be held at 11:45 a. m. Wednesday at Hotel Harding. Frank M. Knapp, chairman of the committee, says there is still opportunity for any Boy Scout who can qualify to attend the jamboree. Thirty thousand scouts will be encamped in the city of Washington for 10 days erecting their own tents, demonstrating not only their scout training, but taking advantage of the opportunity to thoroughly visit Washington and Mt. Vernon and to fraternize with brother scouts from all over America and 24 foreign countries who are sending representative troops.

RICHWOOD BOY IN RECITAL

Compositions of Donzelli, Paderewski and Saint-Saens were played by 11-year-old John William Drake when he was presented in a recital Friday night at the home of his parents, Mr. and Mrs. Howard Drake of Richwood. He is a pupil of Miss Helen Slack, Richwood pianist.

SUSPENDED FINE GIVEN

Roy E. Paterson, 34, of Pleasant Hill, O., was fined $25 and costs in municipal court yesterday afternoon when he pleaded guilty to a charge of driving with improper license plates. Judge W. R. Martin suspended the fine. Friday morning Paterson pleaded not guilty and Judge Martin set the hearing for yesterday afternoon at which time Paterson reversed his plea to one of guilty.

MILLIONAIRE WEDS SECRETARY

Climaxing a business office romance, George Washington Hill, "million-dollar-a-year" president of the American Tobacco Co., married his secretary, Mary Barnes, in a simple ceremony in the caston Hall register office in London. Hill, who gave his age as 50, and his bride here at 39, are pictured leaving the register office.

ARRANGE PICNIC FOR GAS CO. EMPLOYES

40 from Local Office Will Take Part in Annual Outing Tomorrow.

Forty employes of the Ohio Fuel Gas Co. office at 139 West Center street will attend the 10th annual picnic of employes of the company tomorrow at the York Country club in Columbus.

The picnic will be an all-day affair beginning with a golf tournament at 9 a. m. and ending with a dance in the evening. A tennis tournament is scheduled for 10 a. m. and a playground ball tournament a few [illegible] later in the day.

The Marion Gasco team of the City Industrial softball league will represent the local office in the baseball tournament. The Gasco nine, winner of the tournament for the last two years, will play Newark at 10 a. m. A Columbus team plays Springfield at 1 p. m. and the winner of this game meets the winner of the Gasco-Newark game at 3 p. m.

Dale Schwaderer and Maury Whitcum will pitch for the local team in the tournament. Schwaderer was a winning pitcher for the club in last year's tournament. The Gasco team is now in fourth place in the Industrial league.

A picnic lunch and supper will be served at the country club. C. F. Bronson, Marion district manager, announced that the gas company offices would be closed all day tomorrow because of the picnic.

NEVADA BOY SCOUT TROOP INSTALLED

Ceremony Directed by Area Executive Brooks; Carey Groups Take Part.

Formal installation of Boy Scout Troop 31, sponsored by the community of Nevada, was conducted last night at Nevada by Arthur S. Brooks, scout executive, assisted by the district officers and Troops 22 and 29 of Carey.

The meeting at the high school auditorium was preceded by a parade through town of the visiting troops and the local boys together with the Nevada High school band. Following the color ceremonies and pledge of allegiance to the flag the invocation was given by Rev. LeRoy C. Heane, pastor of Nevada M. E. church. Homer A. Kurzell, chairman of the troop committee, introduced C. G. Knablock, district chairman, and L. V. Altvater, assistant commissioner, and Richard Frederick, scoutmaster of the Kiwanis troop at Carey. A feature of the program was a large indoor camp fire built by the Carey troops and around which the installation ceremonies took place. Following a short talk Mr. Brooks installed the troop leaders and committee and presented them their badges and Mr. Frederick conducted the investiture services for the new scouts. Tenderfoot badges were presented by their scoutmaster, S. R. Lawrence and their membership certificate by Homer A. Kurzell. Rev. K. R. Roberts, pastor of the Lutheran church and assistant scoutmaster of the troop, pronounced the benediction, which was followed by "Taps."

Members of the troop committee are Homer A. Kurzell, chairman, Rev. LeRoy C. Heane, H. G. Fox and Edwin Stermole with S. R. Lawrence scoutmaster and Rev. K. R. Roberts assistant scoutmaster. Charter members of the troop are James Elon Paul Ring, Richard Kurzell, Richard Neidermauser, Ted Sherman, Marvin Shanefelter, Samuel Silverman and Robert Yost. Applications for a second patrol have already been received.

"I CHALLENGE EVERY AUTO DEALER IN TOWN TO SHOW YOU A VALUE LIKE THIS"

"YES, I include 'all three' lowest priced cars in this challenge . . . and, of course, all the cars that sell for more.

"I know lots of you motorists are going to quit wasting your time considering so-called bargains, once you come in and make me make good on my assertions.

"I know you're going to be astonished by this gigantic new Studebaker value because a lot of you still have the idea that Studebakers are too rich for your blood—too costly for your purse.

"But, ladies and gentlemen, that's just because you haven't priced a Studebaker for—well, *how* long has it *really* been?

"I'll agree with you that Studebakers do *look* expensive—that they have the materials and specifications of much costlier cars.

"But is that anything *against* them? Of course not. It's exactly what you're entitled to get for your money in an automobile."

10 mill limitation officials said

The latest figures estimating the number of men to be employed on the proposed projects were obtained today from City Service Director C K Mercer On the city hall project Mr Mercer estimates that the average daily employment of common laborers would be between 30 and 40 men and that there would be a great many skilled workers such as electricians masons plasterers and steel workers

The sewer project would give employment to 300 men daily most of whom would be common laborers the service director said

While it is not possible to say definitely how long each project would take to complete Mr Mercer said each should require nearly a year

The sewer application calls for the construction of intercepting sanitary sewers in Niles street from the main sanitary trunk sewer in West Center street to Silver street and connect with the Silver street storm sewer and in Clinton street from the main sanitary trunk sewer in West Center street to a point near the outlet of the Columbia street storm sewer where a connection will be made A branch will be extended southward to the Oakland Heights allotment and connected to a small septic tank that was constructed about 12 years ago to provide for not more than six houses The application also calls for the construction of three storm water sewers in the east section of the city The construction probably would be under the supervision of City Engineer P S Cathers Mayor C A Bolin said

It is proposed that the city hall which would be built on the present site of the city parking lot at South Prospect and West Church streets would house all municipal offices and include space for a number of county offices which the county commissioners would be expected to lease for a number of years In connection with the building would be a large public auditorium The building would be four stories high and have a basement

COURT RULES TAXES UNDER AAA ILLEGAL

(Continued from Page One)

[illegible] agricultural [illegible] and a special tax [illegible]

The act also forbids the [illegible] power to determine what he [illegible] all of what property shall be affected by taxation or regulation and what basis shall govern the administrative officers in administering acts [illegible] never been held to be an administrative function

If congress has power to control or regulate the production of agricultural products within the state and assess a tax on their processing or sale for that purpose it is obviously legislative in character

We find no definite intelligible standard set up in the act for determining when the secretary shall pay rental or benefit payments in order to reduce production of any particular commodity except in his own judgment as to what will effectuate the purpose of the act

Sets No Standard

The declaration of the emergency in the agricultural act contains no such standard for the secretary of agriculture to follow in entering into restrictive agreement with producers of agricultural products It is merely a statement of conditions which in the judgment of congress warranted legislative action

Without requiring any findings to warrant his action congress has empowered him in conjunction with the producers to determine when a reduction of acreage or production of any one of the agricultural commodities which it has termed basic should be resorted to to accomplish the act when rental or benefit payments are to be made and in what amounts and thereby to determine through the initiation of the benefit payments or rentals the consequent imposition of a tax

The secretary made no findings of facts as to why he selected the first list of basic commodities for reducing acreage or production and was not required to do so He simply made a proclamation rental and or benefit payments are to be made with respect to cotton and a processing tax automatically followed

Purpose Is In Control

While the amount of the reduction of acreage or production of any basic commodity under this act is done by agreements and not by a code the purpose and the result is the same viz the control and regulation of a great intrastate industry

If congress can take over the control of any intrastate business by a declaration of an economic emergency and a public interest in its regulation it would be difficult to define the limits of the powers of congress or to foretell the future limitations of local self government in all

No standard or guide is [illegible] laid down to determine how [illegible] compensating tax shall be fixed or what elements shall be taken into consideration in determining the amount except that it shall be determined by the amount necessary to prevent such disadvantage in competition We find no decision of the supreme court authorizing such a delegation of power to an administrative officer

On the contrary the recent decision in the Panama Refining Co case and the Schechter Poultry Corp case we think clearly condemns it as unwarranted under the constitution

Supreme Court To Get Case

By The Associated Press

WASHINGTON July 16 Prompt appeal to the supreme court of the adverse ruling of the constitutionality of [illegible] taxes by a circuit court of appeals at Boston was promised today Justice Department officials

Pending an opportunity to study the decision AAA officials declined comment Previously government attorneys had said the case would be appealed regardless of the ruling and that a final decision on constitutionality of the AAA and the processing taxes was expected before Christmas

Attorney General Cummings and lawyers in his office said the Supreme court probably would control action of the 10 other suits now on file in various federal courts attacking the processing taxes and asking refunds and injunctions against payments

They had said all three cases pending the same ruling

Benefit payments to millions of farmers and nearly a billion dollars in collected taxes are involved

HARDIN COUNTY MAN INJURED IN CRASH

Special to The Star

KENTON, July 16 — Raymond Johnson, 31, is recovering at the F. L. Guyton home near Ada from injuries sustained when the wagon on which he was riding was struck by a bakery truck. Johnson, seated at rear of the wagon leading another team of horses, fell on his head to the pavement. One of the horses had a broken leg and was killed. The wagon was operated by Mr. Guyton, by whom Johnson is employed.

BUCYRUS MAN GETS STATE LIQUOR JOB

Special to The Star

BUCYRUS, July 16 — Carl Schnoor of this city has been announced by James W. Miller, liquor control director, as a new state liquor inspector. The appointment was made a month ago but names of appointees were withheld until the men received their first pay checks today. Nineteen new inspectors were included in the newly appointed group.

GALION ROTARIANS HEAR BANK TALK

Special to The Star

GALION, July 16 — The Galion Rotary club enjoyed a supper in the garden at the home of R. J. Whittridge Monday night. The supper was prepared by Mrs. J. F. Bemiller who was assisted in serving by Mrs. Whittridge.

O. E. Hill, D. E. Shaffer and Whittridge signified their intention of attending the district assembly of Rotary to be held in Lima, July 18.

The speaker was Walter Hessenauer of the First National bank. He told of banking from the time of the Civil war and issuance of National banks currency.

FORMER RESIDENT OF MARION DIES

Word has been received by Mrs. Walter Macken of 322 Edgewood drive of the death of Miss Honora Murray, July 4, at Chicago. Miss Murray, who formerly resided in Marion, was the daughter of Mr. and Mrs. Martin Murray. The family lived on North Greenwood street. She went to Chicago 25 years ago andresided with a niece, Mrs. Mary Fritsch. Two sisters survive.

UNCLE OF MARION RESIDENT DIES

C. A. Bell of 134 Blaine avenue received word yesterday of the death of his uncle, Charles Bell, 68, of Findlay. Mr. Bell visited in Marion on several occasions and several times was vocal soloist at the Wesley M. E. church.

He also was an uncle of Mrs. Cartha Fries of Uhler avenue and of Mrs. Lena Burley of Caledonia.

The funeral will be conducted Wednesday at 2 p. m. in Findlay.

STOPS DISTRIBUTION OF FREE CLOTHING

Mrs. Ella Burke of 559 Davids street, independent welfare worker, announced today that during the summer months distribution of clothing to the needy will be discontinued. After Sept. 2 she will give articles of clothing on Tuesday and Thursday of each week. The sewing circle which she has originated will convene in September to sew on the second and last Thursday of each month.

Although no clothing will be distributed, Mrs. Burke has asked that those having garments to contribute call her at 8959.

Italian-Ethiopian War Threat Follows Trail of Developments Over Many Years

The prospect of war between Italy and Ethiopia is worrying governments the world over. This article is the first of a series of four discussing the background of the expected conflict, and the preparations for it.

BY ANDRE BERDING
By The Associated Press

Rome, July 16—The Italo-Ethiopian conflict has been brewing for more than two generations. It has been marked not only by one war and by scores of border battles but by fundamental differences of opinion and intense animosity.

The world did not awake to the strained relations between the two countries until the serious frontier clash of Ualual last December, with its more than 100 dead and several hundred wounded. But Italy and Abyssinia have been on the worst of terms off and on since 1895, when 100,000 Ethiopians annihilated an Italian army of 17,000.

Quiet Reigned

That fatal battle of Adua resulted in Italy's temporary abandonment of her desire to advance into Abyssinia. A period of quiet followed that lasted until 1911. Within that interval the Anglo-French-Italian treaty of 1906 was signed giving each country certain spheres of influence in Ethiopia and guaranteeing the independence of that nation.

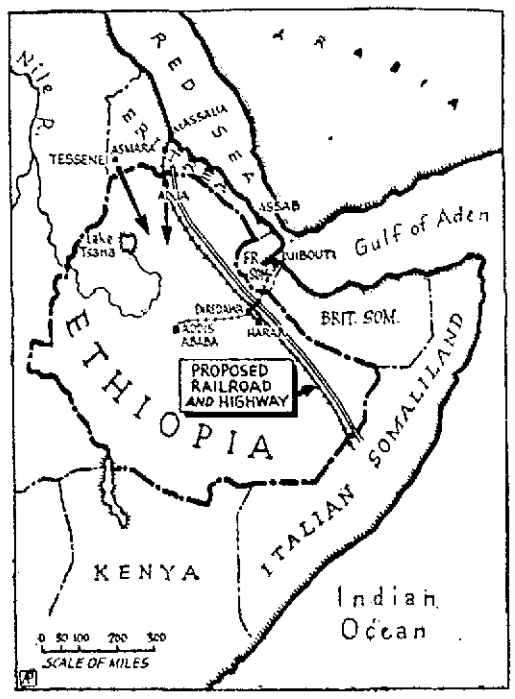
There also was signed, in 1908, a treaty between Italy and Ethiopia whereunder the two countries were to delimit the frontiers between Ethiopia and Italy's two colonies in Eastern Africa, Eritrea and Italian Somaliland, always a source of controversy. The delimitation was begun in 1911 by a mixed commission but stopped after only a short strip of frontier in Somaliland had been agreed upon. The Italians laid the breakdown to the lack of good will on the part of the Ethiopians.

In 1911 began the series of border incidents that have continued up to today. Each maintains that these have been caused by tribes from the other's territory dashing across the border to capture natives for slavery and livestock for food.

The Treaty of 1925

In 1925 came an Italo-Ethiopian treaty whereunder Italy guaranteed England the zone of influence around Lake Tsana, headwaters of the Nile, and England guaranteed Italy the right to construct a railroad connecting Eritrea and Somaliland and running to the west of Addis Ababa.

Italy and Ethiopia signed in 1928 a treaty of friendship from which Mussolini hoped great things. The treaty promised Italy the right to economic penetration in Ethiopia. It promised Ethiopia the right to use the port of Assab in southern Eritrea as a free port. Italy and Ethiopia were to construct jointly *an automobile road between Assab* and Dessie, Abyssinia.



The map shows how Ethiopia is sandwiched between Italy's colonies of Eritrea and Somaliland. Landing at Massaua, the Italian operations have been centered there and at Asmara, from which two broad highways are being built to the Ethiopian border. It is proposed to extend one of these highways and a railroad across Ethiopia to Italian Somaliland if the colonial venture is successful. The proposed roads are shown on the map. The arrows show lines of march which military authorities in Eritrea have indicated will be followed by the Italians toward Addis Ababa.

Treaty Collapsed

The treaty would have given each country what it wanted most—Italy, economic domination in Ethiopia, an outlet to the Red Sea—but like all Italo-Abyssinian agreements it broke down. The road was never built; Assab never was used as a free port by the Ethiopians.

The collapse of the treaty of 1928 has been cited as one of the main causes of the present conflict. Instead of getting economic penetration in Ethiopia, Italy saw herself ever more excluded as Haile Selassie turned to other markets for export and import. Since Ethiopia is the hinterland of the two East African colonies, these possessions were without a feeding ground. And they can not prosper by themselves.

Japan Enters Scene

Another cause is the Italian advance to the wells marking the present informal boundary between Somaliland and Ethiopia. Italy has had possession of them now for six years, but Haile Selassie maintains they are in his territory. It is along this line that the serious border incidents have occurred. Ualual is one of these important wells.

A third cause is the growing Japanese commercial success in Ethiopia. Italy feels that if she takes no action now her chance will soon be lost forever.

DOG WARDEN LISTS CLAIMS FOR WEEK

Sheep claims totaling $10 were filed with the county commissioners by Elmer Ullom, county dog warden, for the week ended Saturday.

H. O. Seiter of Pleasant township seeks $6 for the death of one lamb, and Henry Dutt, also of Pleasant township, asks $1 for the loss of one lamb.

The warden reported impounding 12 dogs.

TIFFIN MAN VISITS HERE

Charles Mailberger, past exalted ruler of Tiffin lodge of Elks, was a guest yesterday and last night of his son-in-law and daughter, Mr. and Mrs. Ray Grummel of 500 South Vine street. Mr. Mailberger stopped here yesterday on his way to Columbus to attend the national convention of Elks and planned to leave the Grummel home some time today.

...You're much too modest How proud your wife must be of you Do give her my love
...I will when I see h... She o... to dinner with a friend Y... see, I came back unexpec...
Oh then you e alone? I sup... pose you wouldn't come round here just to have a little chat? It would be such a pleasure
Why had he said that? He was furious with himself And yet he found himself accepting Mrs Steele's invitation the last thing he had intended to do
Thank you very much I should like to come for a few minutes We must have seemed very rude the way we put off our dinner the other day
He turned to Gladys It was a re... lief to get out of the flat She felt inexplicably shy of this lovely girl with her great blue grey eyes that looked at you so queerly as if she could see right through you From the first he didn't find her sympathetic He had an idea that she could be very nasty if she chose He could not imagine her being Laurie's sister
If Laurie comes in before I get back please tell her that I've gone round to call on Mrs Steele at Claridge's hotel he said
Gladys gave her little giggling laugh
You're one of the boys aren't you? You don't lose much time

* * *

The interview with Wanda Steele was bound to be embarrassing When he reached the hotel Moore almost turned back But he had better get it over This woman must always have a call on him He must always feel a worm in her presence.
She looked radiant all in soft grey her eager red lips parted in a smile of welcome her dark eyes devouring his face
But almost at once she began to reproach him
Rex how could you have sent me money? Crude bank notes—a thousand pounds It broke my heart Do you think you could really repay me like that? And with such cold business like words? I felt I could never see you again But when I heard you were back tonight I was too glad—I couldn't help myself
She was not actually crying but she held her lace handkerchief to her eyes
Wanda you must try to under... stand he said firmly I should lose all my self respect if I did not repay you that I can Your care and kindness—that is impossible But the money you spent on me—that I can do Please don't make me say it again but if I do not repay it I am only a beggar and waster you took pity on It's not fair to me I don't suppose that was nearly enough You must look on it as a first instalment You must have spent a fortune on me
Rex Moore did not know women or he would not have said these things that made Wanda Steele hate him almost as much as she loved him
I don't feel I can discuss it with you she answered with a kind of magnificent sorrow I haven't the slightest idea how much money we spent We didn't think of money neither Lordy nor I I gave the money you sent the other day to a hospital If you insist on sending more I shall do the same
You are unkind and unfair he said angrily No woman is ever just
She laughed miserably
Is a man ever truthful? How could you have kept me in the dark about your marriage all the time you were with us in California? How unkind—never to mention that you had a wife And she must have thought you were dead all the time
Rex Moore took fright
I behaved shamefully I know he said At first I suppose I didn't remember anything about my life And afterwards—you know how I felt my blindness I only wanted to be dear to the world
You must be very hea... ght he said softly I'm sure he's why to have s... a bo... women has s... who you e... every p... he wo... come
You will be kind and be s... a fri... de... ...ra... d o...

My dear I am so fond of you o let you go out of my life You mean too much to me I want only to forget the past All that I said to me I will put out of my mind as the madness of a sick man But I want to be your friend and your wife's friend too want you to let me into your lives just a little I want to help you if I can So tell me that we will forget the past Rex as I shall do
He was touched
You are generous he admitted in a difficult voice But you are wrong about forgetting the past I can never forget what you did for me
He was thinking miserably but in a vain effo... to do he figh... —after all I owe this woman my e... eight and my ... She has done nothing wrong to me ... or me He's not her fault that I am landed in this stupid mess She can't understand that I love Laurie Jealousy has never been the spur to love in me I have no less than a man If she wants my friendship she must have it Things will be easier when Laurie and I don't have to keep up this game any longer I shall have to be acting every minute of my life
Wanda rallied him on his re... spect... and m... him ... the de... tails of his ... ce trip in the Bea... of Africa her eyes flattered him her voice caressed him She re... ...ed him of her respect
And then she guided the talk back to Laurie
It's too bad your wife was out tonight but if you didn't let her know it wasn't her fau... pour gi... I am looking forward to getting to know her I ... ephoned her twice in the first week you were away but she was out I'd like to ...dis...urb her at her office
I think it's so romantic that she should have been working for Albert all the time And last Sunday I went to your flat quite early hoping I could get her to come and spend the day in the country with me but I found from the woman who was working in the flat that she and he were having gone to spend the week-end with Mr Albert

Tomorrow Rex and Laurie come to a disturbing realization

Your Health

BY DR. R. S. COPELAND

Important Organ

OF OUR various organs the liver is numbered with the most important This vital structure is a part of the digestive tract All the blood from the stomach and intestines passes through the liver where certain toxins or poisons are filtered out from the blood stream

Since the liver has many functions to perform it is a large structure In fact it is one of the largest organs in the body It is dark brown in color located in the upper portion of the right side of the abdomen just below the diaphragm

The weight of the liver is ordinarily about three pounds but it varies according to the size of the person It is interesting to know that the liver is large in infants and children and decreases in size as the child approaches maturity It measures more than the stomach in circumference and is narrower on the left side corresponding to the edge

As I have suggested the liver has a great many tasks to perform Some of these responsibilities are more easily understood than others Among the most important is the formation of bile which portion of the bile is excreted into the intestines The bile acts as a sort of secretion from the pancreas aids in the digestion of fats

When the bile duct is blocked yellow pigment and fat digestion is hindered and jaundice may follow a condition sometimes it is due to a stone or tumor blocking the bile duct.

Another important function of the liver is the conversion of sugar into glycogen or animal starch This is stored in the body and when needed is converted into sugar Since sugar furnishes heat and energy this function of the liver is of great significance

Like other organs and structures of the body the liver may become infected inflamed or diseased When I was a medical student cirrhosis or hardening of the liver was a common disease Today it is not as frequently encountered I believe this is due to our improved methods of living and better understanding of diet and the laws of nutrition

Persons who are subject to liver disturbances should report to the doctor at periodic intervals All fried and greasy foods salt pepper and other condiments should be avoided Alcoholic beverages are prohibited Every effort must be made to improve the general health

Letters from Our Readers

SETTING AN EXAMPLE

Editor of The Star A few days ago I was respectfully stopped on the street by two boys one of whom asked me if I would care to buy a copy of a well known magazine I was willing to buy but had no change less than a five-dollar bill The boy who carried the magazines offered to go to the postoffice for the necessary change I asked him if he would bring back the change? Immediately the boy's companion answered He's a Scout No need to ask the boy he'll bring back the change promptly

Now this letter is not intended as an advertisement for the Boy Scouts of America If it be interpreted as such well and good But the idea I wish to present is this why can not the organization be set up similar to the Scouts for all city state and federal officials? If the boys who are Scouts regard honor as simple honesty so seriously perhaps if officials could be likewise It is the opinion of the writer that a bit of simple honesty among public officials would eventually tend to reduce our taxes

One of the 130 000 000

The Stars Say--

For Wednesday July 17

A VERY lively but not entirely unfavorable state of affairs may be presaged from the predominant lunar and mutual aspects Matters of an unforeseen or abrupt nature may precipitate themselves with devastating force but the dependable diligent and industrious of these of Saturn may be counted upon to circumvent the most malefic effects Beware of speculative and fraudulent enterprises and do not put your faith in strangers or hazardous ventures

Those whose birthday it is may be prepared for a lively year but one of sudden affairs of a disintegrating nature The stars may require all the stability and industry of Saturn to offset But in all spectacular and profitable pursuits with every prospect that capacity there is great hope for advantageous new contracts and propositions

A child born on this day may be alert versatile and enterprising as well as industrious but it may be inclined to make many changes and indulge in speculation and hazardous activities

A Train Load Since January 1st Shatters All Previous GAS Refrigerator Sales Records

Best proof of the rapidly increasing popularity of the Electrolux gas refrigerator lies in the tremendous sales gain it has established this year A train load of them (70 car loads) have been installed in the homes of our customers by the appliance division since January 1, 1935 — a sales record far surpassing any of a like period in our history

The finest refrigeration to be had — safe, silent, without moving parts to wear out — costs less than 3 cents a day to operate, using natural gas Investigate these Electrolux advantages for your home, now Models for every family requirement are available from The Gas Company on easy payments

Kelly-Osterholt Service Read At St. Mary Church

A NUPTIAL high mass at 8 o'clock this morning at St Mary Catholic church united in marriage Miss Georgia Kelly daughter of Mr and Mrs George A Kelly of 310 North Main street and Charles P Osterholt of New Orleans La The pastor Rev William J Spieserman read the single ring ceremony and was the celebrant for the mass

The bride was given in marriage by her father and her only attendant was Miss Margaret Malone Her brother Robert Kelly was Mr Osterholts best man and the guests were seated by Emmett Osterholt brother of the bridegroom and David R Kelly of Buffalo N Y

Miss Kelly s dress of white lace was made floor length and finished with a cowl neckline and an elbow length cape Her large picture hat was of white hairbraid trimmed with a white taffeta bow in the back which harmonized with a smaller bow of white taffeta ribbon caught at her waistline at the back of her gown She wore elbow length lace gloves and white slippers and her flowers were an arm bouquet of bride s roses

The maid of honor was in pink lace made floor length and finished with a shirtwaist neckline The brown taffeta trimming on her dress was repeated in a bow which trimmed her large pink hat and she carried an arm bouquet of Johanna Hill roses

Tall wicker baskets at either side of the entrance to the sanctuary held bouquets of pink and white gladioli and the same flowers filled the vases on the altar White ribbon bows marked the pews reserved for the invited guests Music for the high mass was sung by the church choir and John Lacey sang Ave Marie by H Millard

A wedding breakfast at Hotel Harding followed the ceremony the table arranged for 35 guests was decorated with a wedding cake and flowers

Mr and Mrs Osterholt will leave today for New Orleans where they will make their home For traveling the bride has chosen a frock of bun sheer with white piqué trimming and white accessories

For the wedding the brides mother wore a gown of printed chiffon in blue and yellow tones with a large leghorn hat and her flowers were a corsage of pink and white daisies The mother of the bridegroom was in a gown of orchid and white printed crepe and her flowers were gardenias in a corsage

Mr Osterholt graduated from St Mary Parochial High school and has been office supervisor of the Metropolitan Insurance Co here

Mr Osterholt is the son of Mr and Mrs William Osterholt of 261 Uncapher avenue He graduated from Harding High school and is assistant manager of the W T Grant store in New Orleans

Out of town guests here for the wedding were Mr and Mrs Carroll Kelly and Mr and Mrs David Kell of Buffalo N Y P H Kelly of Cleveland Mrs Frank Kelly Misses Margaret Catherine and Josephine Kelly of Torrington Conn Mrs Louis Schmidt Mrs Grace Schneider and Theodore Smith of Toledo and William Osterholt of Fort Oglethorpe Ga

Mrs Osterholt has been honored with a number of showers and social affairs since the announcement of her approaching marriage several weeks ago

MEET the WIFE

MRS FIORELLO LA GUARDIA

A wise and shrewd young woman was Marie Fisher She was the best secretary Fiorella La Guardia ever had She ran his law office when he practiced and she ran it again when he was deputy state attorney general When he went to Washington and to congress she went along she became indispensible

Fiorella LaGuardia married her And now she runs the La Guardia home on Fifth avenue If the mayor of New York has any breath left in him when his days work is done he may play a while on the ecract Then Marie plays the accompaniment She attends the symphony with him and sits upstairs She likes to go to ball games But social affairs? No thank you The mayors wife has a husband to look after and the mayor needs her
